

DOUBLE TRI-STEP DISPLAY

No tools required for assembly!

PX7021

Featuring the same "stepped" shelf depth (from 36 to 24 to 18 inches), this unit gives you all the visual appeal of our Tri-Step display... times two, and our patented shared end support connecting system allows you to create aisles of color. You'll appreciate our tool-free assembly and galvanized steel construction. Choose a configuration with double hanging basket purlins for more display space or the double-sided 7" sign holder for an easy signage option.
