Platform Risers

This collection features some of the most versatile retail displays for those looking for a quick and easy-to-use merchandising solution. Use them to define your space, guide customer traffic flow, or protect merchandise while maintaining a polished product presentation.

Our Platform Risers are the ideal multi-purpose display that will complement

your current merchandising program. Its modular design and capabilities allow you to stack them, move them, or change them up as your merchandising needs evolve.

Set the stage with a durable solution that will elevate the look of bulk stacks, promotional merchandise, and product feature without resorting to hideous wooden pallets.

STANDARD PLATFORMS

Grid Top Platform

This versatile platform solution can be used alone or stacked to your ideal height to get products off the floor. Ideal for narrow bulk stacks, lifestyle focal displays, or product showcases.

Product ID	Size (LxWxH)

RAISED PLATFORMS

Double Stack Platforms

These platforms add extra height, giving them a sturdy construction. Each configuration will meet food and beverage health codes while also providing additional protection for your products and the general public. The grid top surface allows dirt and debris to pass through easily, with clearance underneath for easier access when cleaning. The solid top provides a smooth surface perfect for creating lifestyle feature areas.

Connector**
PAGE 31

Stock Block

The Stockblock is an interlocking platform “building block” that is 24-inches wide by 12-inches deep and 6-inches high. It can lock together vertically or be clipped together horizontally allowing you to stack, stagger, or set in any configuration that you can dream up. It’s ideal for use in aisleyways, as a tiered end-cap, or for building a massive platform for the power aisle. Use alone or order a few dozen for every store!

Unlimited Configurations!

BSBB2406122CX5	24" x 12" x 6"	5

Platform

Growers from Australia to Alaska have discovered the plant-friendly nature of our plastic benching systems. There are no metal parts to rust, no wooden parts to rot, and no place for insects to burrow or fungus to grow. Molded with the strongest commercially available UV-resistant recycled plastics, these benches will serve your needs for years to come.

Our Platform Benches are great for

elevating products off the floor in an organized and emphasized way. Standard configurations are available in heights of 12, 18, 24, and 30-inches, with other sizes available upon request.

A simple yet effective design makes these displays the ideal solution for grow facilities, temporary clearance, power aisles, seasonal, and outdoor storefront spaces.

BENCHING & TABLES

Grid Top Panel Display

The Grid Top Panel Display is one of the most versatile all-plastic benching system on the market. Molded with the strongest commercially available UV resistance, these benches will stay looking new and serve your needs for years to come. This display features a series of rectangular holes allowing debris and water to pass through easily, making it the ideal solution for growing and garden retail operations. With a wide variety of sizes and custom height options available, you'll never run out of ways to use this display.

Platform Level Displays

Solid Top Platform Bench Display

The Solid Top Platform Bench Display is designed to help meet more diverse merchandising and growing needs. These space-maximizing merchandisers lift up products so they're always in easy reach, while providing a smooth surface for moving products on, off, or around the display effortlessly. Use them for temporary tables in power-aisles and clearance sections, or as utility tables in growing environments. With a wide variety of sizes and custom height options available, you'll never run out of ways to use this display.

Multi-Shelving Displays

Our multi-functional shelving system features a simple yet sturdy design with versatility at its core. These modular multi-level units use a unique internal collar system that allows the user to switch up and use components to create benching, platform, or other multi-level configurations as their needs change.

This collection is ideal for retailers seeking a quick, yet versatile setup

for seasonal merchandising programs, backroom storage, product overflow, clearance, or holding oversized items.

Each configuration comes in grid-top or solid-top with various size and height options. Our grid-top features a flow-through pattern which makes it great for outdoor use, while the solid-top provides a smooth surface for easily loading and unloading products.

AISLE BENCH & MERCHANDISERS DISPLAY

Cube Merchandisers Display

Featuring a simple and sturdy design with versatility at its core, this multi-functional system is the perfect addition to central aisles or front-of-store. The lower level of this display is ideal for bulk or bagged goods while the top shelf can be used for cross merchandising lightweight items.

Stepped Bench Displays

These displays are designed to display multiple tiers of merchandise for the ultimate product presentation. They come in a wide range of sizes and configurations, including single and double-sided.

The single-sided configurations will attract customers without sacrificing precious room. They fit perfectly in small, confined spaces and are well suited for

use as an end-cap with other Benchmaster displays, outdoors against the storefront's wall, or as a standalone merchandiser.

The double-sided displays will visually enhance your space and can be used to build out an entire space, or as an impulse display near fuel pumps and high-traffic aisleways. Both styles are available with caster bars, Waterbed™, and Plant Hanger Plus.

SINGLE-SIDED BENCH DISPLAYS

Our single-sided stepped displays are very popular for both indoor and outdoor use. Each configuration features unique characteristics to meet a range of merchandising applications.

- **Standard:** has a more refined appearance for displaying lightweight items
- **Heavy Duty:** features extra legs for a sturdy design that provides outstanding shelf stability
- **Extra Heavy Duty:** incorporates a metal bar for extreme stability for showcasing heavy products
- **Wide:** pairs functional design with extra depth on the lower shelf for maximum merchandising capacity

Round Displays

Our round displays are incredibly versatile and offer up to 360-degrees of display merchandising surface. We offer rounds in increments of 30, 36, 48, and 60 inches in diameter, making them perfect for most retail formats.

They are ideal for displaying everything from live goods to soft goods apparel to general merchandise.

The half round configurations are beneficial when used as an end cap. Each unit is designed to pair well with our various stepped and platform displays to create a consistent and polished appearance.

ROUND PLATFORMS

Half Round Platforms

Add a unique touch to your merchandising strategy for getting product off the ground. It's an ideal solution for creating floor-level spot-bulk stations up against the wall or incorporating softer lines when used in conjunction with other platform units.

Product ID	Size (LxWxH)
BRB300315F	30" x 15" x 3"
BRB360318F	36" x 18" x 3"
BRB480324F	48" x 24" x 3"
BRB600330F	60" x 30" x 3"

Round Platforms

This display is the ideal solution for enhancing your spot-bulk merchandising. These platform displays can be placed down aisleways to create interesting sight-lines or as an instant display for driving impulse buys.

Product ID	Size (LxWxH)
BRB300330F	30" x 30" x 3"
BRB360336F	36" x 36" x 3"
BRB480348F	48" x 48" x 3"
BRB600360F	60" x 60" x 3"

TIERED ROUNDS

Round Platform Riser

This single level display stands at 12-inches tall, providing a low profile for maintaining clear sightlines and 360-degree shoppability. Use this display to add a unique visual flair in aislesways or as overflow space for hot-selling items. From live goods to general merchandise to bulk items, this merchandiser is the perfect addition to any retail environment.

Product ID	Size (LxWxH)	Add'l Heights
BRB301201T	30" x 30" x 12"	6", 18"
BRB361201T	36" x 36" x 12"	6", 18", 24"
BRB481201T	48" x 48" x 12"	6", 18", 24"
BRB601201T	60" x 60" x 12"	-

Tiered Round Displays

This collection of displays are available in two, three, and four-level configurations. These merchandisers provide plenty of space for all types of products including live goods, seasonal, or food and beverage. Each display features a 48-inch or 60-inch diameter base with ample distance between shelves to maximize capacity without sacrificing floor space. Use as a show-stopper piece in aislesways, the decompression zone, or outdoors for a 360-degree shopping experience.

Two Tier Round

BRB607304T	60"/48"/36"/30" x 73"

Half Round Platform Riser

Expand merchandising capacity without sacrificing on space with this Half Round Platform display. It can be used as a wall-merchandiser or in conjunction with our line of Platform Displays as an end cap. The curve of this display helps break up endless square-edges with a softer visual profile. This display is the perfect addition for creating cross-selling opportunities.

Specialty Displays

Unique merchandising challenges demand a unique display solution. Our collection of specialty displays are designed to tackle the most challenging merchandising with ease.

From dealing with corners to long handle merchandise to temporary impulse, you'll find just what you need to spotlight your product with our growing list of specialty displays.

Like many of our other displays, we've created focal points, nesting tables, long-handle tool carts, and table displays that will work in a wide array of retail business applications, both indoors and outdoors.

Can't find what you're looking for? Our kit-of-parts system allows us to develop semi-custom solutions that will meet your design challenge. Contact us to get started.

Long-Handle Merchandisers

Get your long-handle merchandise on the move and within sight of customers. There are up to 56 slots to store a variety of items ranging from fishing poles to tiki torches to yard tools. Place these displays in high traffic areas such as the storefront, vestibules, power aisles, or near the checkout for prompting impulse sales.

Nesting Tables

Each table set comes with a 48-inch and 36-inch long table that pairs perfectly together to create an elevated product presentation. We offer three variations to choose from with features such as extra shelf space and signage capabilities built right in. The addition of support bars make these tables a sturdy and durable merchandising solution. This display is ideal for use as a clearance, promotional, or bakery display.

Tilt-Top Displays

This display provides superior product presentation through its unique frame that places items on a 15-degree slant. It's ideal for garden retailers who want a new and unique approach to showcasing the colorful and natural beauty of flora. The modularity of this display is unmatched, with its ability to easily transition from a tilt-top to

flat benching in minutes without tools or specialized labor. With a variety of heights to choose from, retailers can mix-and-match displays to create eye-catching configurations.

RETROFIT KITS

How It Works

Each of our Retrofit Kits include everything you will need to transform your current display into some of our most popular configurations.

Plant Hanger Plus Retrofit Kit

This kit includes the entire Plant Hanger Plus system with pre-drilled panels to switch out and accommodate the longer leg posts without the guesswork.

Plant Hanger Plus DIY Kit

This kit includes the Plant Hanger Plus system without the pre-drilled panels. Instructions will be included for drilling out the correct sockets in your existing panels.
