

# PRESSURE WASHERS

US Global Resources offers a complete line of hot and cold high-pressure washers for every application. All washers have a Dema adjustable soap injector. Our HOT high-pressure washers give you the power to strip away dirt, oil, grease, and grime. Hot washers can be fuel oil or gas heated with electric motors or gasoline engines to power the pump. COLD high-pressure washers are available with gasoline engines or electric motors – choose the model to fit your needs.
